| Important installation notes | |
| Note on bending radius | Attention: Observe the permissible bending radii when laying cables, as the IP protection class can be endangered by excessive bending forces. |
| Note on strain relief | Protect the connectors by suitable measures from mechanical loads, e.g. by the usage of cable ties. |
| Note on mounting | The plug connectors must not be connected or disconnected under load. Non-compliance and improper use can result in personal injury., The user must take suitable safety precautions to ensure that the plug connector cannot be accidentally disconnected., To |
| Conformity | |
| Product standard | DIN EN 61076-2-101 (M12) |
