| Important installation notes            |   |  |  |
| Note on strain relief                   | Protect the connectors by suitable measures from mechanical loads, e.g. by the usage of cable ties.   |  |  |
| Note on bending radius                  | <b>Attention:</b> Observe the permissible bending radii when laying cables, as the IP protection class can be endangered by excessive bending forces. |  |  |
