

## M12 Power male recept. K-cod. front

PUR-wires 0.25 1m

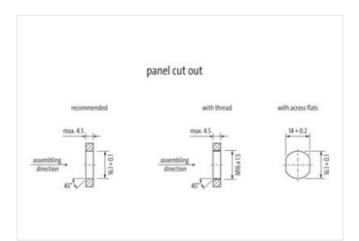

Power Flange male M12, 5-pole K-coded Front mounting with multi-strand wire The resistance to aggressive media should be individually tested for your application. Further details on request. Further cable lengths on request.

| Important installation notes   |  |
| Note on strain relief Protect the connectors by suitable measures from mechanical loads, e.g. by the usage of cable ties.  |  |
| Note on bending radius     Attention: Observe the permissible bending radii when laying cables, as the IP protection class can be endangered by excessive bending forces.  |  |
