

MOSA M12 male 0° field-wireable (IDC)

4-pole 0.25...0.5mm²

Customized printing and packaging Male straight M12, 4-pole **IDC** terminals

Connection cross section: 0.25...0.5 mm²

The resistance to aggressive media should be individually tested for your application. Further details on request.

Important installation notes		
Note on strain relief	Protect the connectors by suitable measures from mechanical loads, e.g. by the usage of cable ties.	
Note on bending radius	Attention: Observe the permissible bending radii when laying cables, as the IP protection class can be endangered by excessive bending forces.
